

Felco[®] PROTECTIVE
ELEVATOR
CAB PADS

Keep Your Elevator Top Level

with
Protective Elevator Cab Pads

**Maximum
Protection!**

**Maximum
Durability!**

More than 50 years of experience in the textile business has taught us how to meet or exceed your elevator pad requirements.

Premium vinyl or cotton exterior combined with a preferred core and polyester lock-stitching provides maximum protection and durability

Short manufacturing lead times for prompt delivery of standard or custom pads

Your choice of reinforced buttonholes or sturdy grommets guarantee strength

Flame retardant fabrics comply with all US and Canadian codes for passenger car enclosures

World-class ISO 9001:2000 certified facilities ensure consistent product quality

Our engineers are available to create innovative hanging solutions and designs

Fully reversible pads ensure long life and enhanced appearance

Attractive colour options are sure to meet any interior design needs

Optional screen printed or embroidered logos

Accessories include beam pads, carrying bags, studs, etc.
