

## **CUSTOM PRODUCTS, INC. MERGES INTO FELLFAB CORPORATION**

**Mooreville, North Carolina, USA – May 1<sup>st</sup>, 2018.** FELLFAB CORPORATION has merged the operations of its wholly-owned subsidiary, CUSTOM PRODUCTS, INC. (CPI) located in Mooreville, North Carolina, into FELLFAB CORPORATION.

CUSTOM PRODUCTS, INC. has been a wholly-owned subsidiary of FELLFAB CORPORATION since its acquisition in 2015. Their respective Customers, Suppliers, and Employees will benefit from this merger as the Company continues to grow to become an industry leader in Engineered Textile and Fabricated Foam Solutions.

FELLFAB CORPORATION will continue operations at the Mooreville location. All of the products and services that were offered under the CUSTOM PRODUCTS, INC. will remain the same just under the FELLFAB CORPORATION name.

“Both organizations and our Customers will benefit from this singular focus of an all-encompassing engineered solutions provider” said Nick Efthimiadis, President of FELLFAB®. “It is truly an exciting time. The merger brings 65 years of Engineered Textile experience from FELLFAB® and weaves it into 45 years of CUSTOM PRODUCT, INC. Fabricated Foam experience. The result has been some truly innovative products across all of the markets we serve”.

### **ABOUT FELLFAB®**

FELLFAB® is a 65-year-old privately owned company headquartered in Hamilton, Ontario, Canada. The company also operates three US manufacturing facilities in Atlanta, Georgia, Fort Worth, Texas, and Mooreville, North Carolina. FELLFAB® provides its customers with a variety of engineered products/soft goods made out of specialty textiles as well as fabricated foam products for the Aviation, Rail, Military, Space, and Industrial markets. The company manufactures interior textile products including seating covers, fabricated foam cushions, ground support products for the airline and rail markets, a vast assortment of soldier systems and tactical equipment for the Military market, as well as a multitude of innovative textile products for the Space, Nuclear, and Industrial market.
